

Snubbing Operator

NEW 1 DAY COURSE

The Real-World Well Control Training You Need

Well Control School introduces the brand-new, IADC WellSharp® Snubbing Equipment Operator course, designed to provide essential well control knowledge and skills specific to snubbing operations.

Why This Course?

- **Focused Learning** – Gain practical skills and knowledge with this one-day, intensive training.
- **Experienced Instructors** – Learn from industry veterans with extensive training expertise.
- **Hands-On Training** – Engage in realistic, scenario-based exercises.
- **Enhanced Safety** – Improve your ability to recognize and respond to well control threats during snubbing operations.
- **Industry-Standard Certification** – Earn an IADC WellSharp® certification, demonstrating your commitment to safety and operational excellence.

During this course, students will

- Learn to identify and manage risks associated with snubbing operations
- Understand and apply fundamental well control principles
- Learn about workstring components, selection criteria, drift, consequences of exceeding limitations, buckling, and de-rating of tubulars.
- Understand the importance of barriers, barrier philosophy, types of barriers, barrier management, and testing procedures.
- Describe the dynamics and characteristics of wellbore fluids.
- Understand rig-up procedures and recognize special BOP equipment.
- Understand the purpose and function of surface and subsurface wellbore equipment.
- Explain well shut-in procedures, verification of shut-in, monitoring and recording during shut-in, stripping operations, and preparing for well entry.
- Identify the objectives and methodology of pressure control techniques for live and dead well interventions.

Who Should Attend?

- Snubbing Company Personnel, including:
 - Supervisors
 - Engineers
 - Snubbing Operators

Course Length

- One (1) day of intensive training

Certification

Upon successful completion of the course, students will earn an IADC WellSharp® Snubbing Service Equipment Operator certification.
